Amended July Quarterly Report (4/26/96 - 6/30/96) dated 8/1/96

Dear Ms. Tyndle:

Thank you for pointing out that the Boucher for Congress Committee had incorrectly identified the reporting period of the last Federal Election Commission report to be 4/26/96 through 6/30/96 rather than 4/23/96 through 6/30/96 as it should be.

I have reviewed the records of the campaign committee, and I have found that there were no disbursements made during the gap period of 4/23/96 through 4/26/96. Also, the committee recorded no receipts during this time. I am certain this error was simply an oversight.

To correct the situation, I am filing an amendment to the Boucher for Congress committee's Amended July Quarterly Report (4/23/96[corrected from 4/26/96]-6/30/96) dated 8/1/96. Enclosed please find a corrected Summary and Detailed Summary sheet with the beginning date of the period covered correctly listed as 4/23/96 instead of 4/26/96. Please let me know if additional information is needed.

Sincerely,

A handwritten signature in cursive script, appearing to read "Deirdre S. Goldsmith".
